Secondary School

CGPA: 7.8

Ozhar

June 2016 - March 2017

SKILLS

Programming Languages: Java, Python

Tools / Platforms: GIT/GITHUB, HTML, CSS, VS-Code

Databases: MySQL

PROJECTS / OPEN-SOURCE

Number Guessing Game | [Link](#)

Java

A game that generates a random number and you must guess it. It counts every attempt that you made until you guess the correct number.

Voice Assistant with Additional resources

Python

A python-based project takes voice as an input and performs the task on your laptop or PC. We use multiple python libraries like pyttsx3, Speech Recognition, Wikipedia etc.

Hand Gesture Recognition and live Painting | [Link](#)

Python, HTML, CSS

A python-based project that uses computer vision to take input as hand gesture and then it shows the corresponding output. We added an additional feature that is used to make drawing/painting on the live streaming screen.
